SUMMARY

Informatics Engineering undergraduate at Jakarta Global University with a background in Computer and Network Engineering. Experienced in developing web applications using React.js, Laravel, PHP, JavaScript, Tailwind CSS, and MySQL through academic and personal projects. Familiar with computer networking, including TCP/IP, LAN & WAN, routing and switching, VLAN, DHCP, DNS, NAT, and Mikrotik RouterOS, as well as Linux environments and IT troubleshooting. Combines software development knowledge with networking and IT support capabilities to build and maintain practical technology solutions.

EDUCATION

Jakarta Global University

Bachelor of Informatics Engineering | 2024 – Present

GPA: 3.48/4.00

Relevant Coursework: Data Structures & Algorithms, Software Engineering, Database Systems, Computer Networks, Web Programming

SMK Negeri 3 Depok

Computer and Network Engineering | 2020 – 2023

Relevant Coursework: Network Infrastructure, Linux Administration, Server Administration, Router & Switch Configuration, Network Security Fundamentals

PROJECTS

Clash.Soccer

Web Developer

Tech Stack: React.js, Tailwind CSS, JavaScript, Git, GitHub

- Developed a responsive football news website using React.js and Tailwind CSS.
- Built reusable UI components to improve consistency and maintainability.
- Optimized the interface for desktop and mobile devices with a mobile-first approach.
- Managed source code and version control using Git and GitHub.

ECO RANGERS

Full Stack Developer

Tech Stack: PHP, MySQL, HTML, CSS, JavaScript

- Developed a web application focused on environmental awareness and sustainable living.
- Built core application features using PHP and MySQL.
- Designed responsive and user-friendly interfaces to improve usability.
- Collaborated with team members using Git and GitHub throughout development.

FINN BUDDY

Mobile Developer

Tech Stack: Flutter, Dart

- Developed a cross-platform mobile application using Flutter and Dart.
- Built reusable UI components and responsive layouts to support different screen sizes.
- Implemented intuitive navigation and user interfaces to improve usability.
- Focused on writing structured, reusable, and maintainable application code.

TECHNICAL SKILLS

Software Development

Languages: JavaScript, PHP, Python, HTML5, CSS3

Frontend: React.js, Tailwind CSS, Bootstrap

Backend: Laravel, REST API

Database: MySQL

Networking & Infrastructure

TCP/IP, LAN & WAN, Routing & Switching, VLAN, DHCP, DNS, NAT, MikroTik

RouterOS, Cisco Packet Tracer

IT Support & Systems

Ubuntu Linux, Windows, System Troubleshooting, Basic Server Administration

Tools

Git, GitHub, VS Code, Postman, Winbox

WORK EXPERIENCE

Ticketing & Helpdesk Volunteer World Cup Qualifier

Volunteer Experience

- Provided on-site technical assistance to users during digital ticketing operations.
- Assisted users with accessing, generating, and managing digital tickets.
- Troubleshoot and resolved basic issues related to digital ticketing processes.
- Guided users through ticketing procedures and provided clear instructions to ensure smooth service.
- Coordinated with the team to handle ticketing issues and maintain efficient event operations.

Administrative Staff Intern Regional Revenue Agency (BAPENDA)

Jan 2023-Mar 2023

- Maintained and verified **500 taxpayer records** to ensure data accuracy and completeness.
- Updated database information and maintained accurate administrative records.
- Assisted in preparing official documents and administrative reports.
- Supported daily operations while maintaining attention to detail and data consistency.
- Collaborated with colleagues to improve administrative efficiency.

KPPS Member

General Election Commission

- Verified voter identities and election documentation during the voting process.
- Assisted with ballot verification and vote counting.
- Ensured election procedures complied with official regulations.
- Prepared and submitted election reports accurately and on time.

Kitchen Staff

PT Pizza Boxx

- Prepared food according to company quality and hygiene standards.
- Managed inventory and ensured kitchen supplies were well organized.
- Worked efficiently in a fast-paced environment while maintaining service quality.
- Collaborated with team members to support daily kitchen operations.
